MINISTER'S MESSAGE

The Excellencies Of The Law Of God (Pt. 9)

In Psalm 119:104, the Psalmist tells us something that is very insightful. He says, "From Your precepts I get understanding; therefore I hate every false way." Once again it is simple cause and effect. He says that if we heed God's precepts that it will result in our hatred for all false ways. One might think that this is too black and white and cut and dry. Listening to the Word of God surely won't make us hate everything false automatically. But he's setting up what the reaction to heeding God's precepts *should* be.

If there is a sin that you find yourself constantly having to battle, I believe the best way to deal with it is to learn to *hate* it. And the best reason to hate something is to know that God Himself hates it. For example, in Proverbs 6:16-19, before listing out a proud look, a lying tongue, hands that shed innocent blood, a heart that devises wicked plans, feet that are swift in running to evil, a false witness who speaks lies, and one who sows discord among the brethren, Solomon told us what all of these things have in common. He said in the beginning of Proverbs 6:16, "These six things the LORD hates." To know that an all-good and all-wise God hates those things should be all the motivation we need to hate them as well.
